Contour™ Overlap Square Cut 2151

PERIMETER FRAMED OFF-SET PIVOTING SHOWER SCREEN SYSTEM WITH FRAMELESS DOOR

Contour™ Overlap Square Cut 2151 features a rounded convex profile with protruding glazing fascia outer frame design with an off-set pivot system

Exceptional Value

Indulge your imagination and create an absolute premium bathroom design at a surprisingly affordable price.

Handle Selection

An extensive range of handles are available in your choice of powder coated and gold, satin or chrome plated finishes.

Components

Component and design features combine to provide convenience and colour co-ordination.

- Handles
- Anti-bacterial clear (i.e. frost) and colour matched glazing vinyl
- Patented Off-Set Pivot Clamp System
- Off-Set Door Stop

Square Cut Corner Stake Design

Square Cut Corner Stakes are designed to match the perimeter frame profile, providing rigid colour co-ordinated joining points in the shower screen frame structure.

Frameless Patented Offset Pivot Mechanism

Unique pivot design allows for a totally frameless door. Utilising a captive stainless steel top pivot pin, the **Contour™ Overlap Square Cut 2151** Shower Screen System features a 'positive close' low friction design mechanism, providing the benefit of whisper-quiet and trouble-free operation.

When in the closed position the shower door is located inside the shower recess, ensuring water runoff is directed back into the shower enclosure, helping minimise splashing further enhancing water resistance.

Water Resistance

Contour™ Overlap Square Cut 2151 features an overlapping fixed panel and door configuration, greatly improving water splash resistance so your bathroom remains drier and safer.

Glass Specification

Designed specifically for use with 6mm toughened glass.

Low Maintenance

Smooth contoured profiles minimise soap and residue accumulation, reducing the need for cleaning.

Safety

Contour™ Overlap Square Cut 2151 Shower Screen System features a captive top pivot pin mechanism so the shower door cannot be dislodged from the shower screen head section. **Contour™ Overlap Square Cut 2151** Shower Screen Systems are glazed to comply with the requirements of Australian Standards AS2208 and AS1288

Off-Set Door Stop

Contour™ Overlap Square Cut 2151 features an Off-Set Door Stop, which is stylish and practical, preventing the shower door from opening inwards.
