Shower Screen

FRAMED PIVOTING SHOWER SCREEN SYSTEM WITH SEMI-FRAMED MAGNETIC DOOR

Exceptional Value

Indulge your imagination and create an absolute premium bathroom design at a surprisingly affordable price.

Adjustable Frame

A unique, low profile twin tiered adjustable sill design, with incorporated fixed glass panel, provides for an adjustment range of approximately 60mm. Refer to stock size and availability.

Magnetic Closure

FreeStyle™ Adjustable Shower Screen System features a full length grip stile which incorporates a PVC coated magnetic strip, providing a rattle free positive door closure and enhanced water resistance.

Water Resistance

FreeStyle™ Adjustable Shower Screen has been designed to provide a high level of water resistance, virtually eliminating external splashing resulting in a drier safer bathroom.

Low Maintenance

Smooth contoured profiles minimise soap and residue accumulation, reducing the need for cleaning.

Obligation-free measure & quote

Please call for an obligation-free measure and quote, and also ask for details on matching: Mirox Fineline™, Mirror Framing Systems. The Australian Design Award winning Space:Maker Softline™, Mirrorline™, Finesse™, Strongline™, Triline™, Project™, Panel Door™, Panel Line™, Expressions™ and Silhouette™ Sliding Wardrobe Door Systems. The Australian Design Award winning Series 9300™ Sliding/Pivoting Shower Screen Systems range. The Australian Design Mark Integrity™ 9400 Pivoting Shower Door Systems range. The FreeStyle™ Shower and Bath Screen Systems. Profile™ 2040, Contour™ 2050, Mirage 3050™, Eden 3040™, Vogue 5050™ and Nautilus™ 4010 Perimeter Framed Shower Screen Systems.

Adjustable Return Panel

When an application requires a front and 90° return panel, the return panel offers an adjustment range of between 840mm and 865mm providing ample adjustment for a majority of customer applications.

Componentry

FreeStyle™ Adjustable Shower Screen features colour co-ordinated componentry further enhancing the aesthetically pleasing nature of the product.

Patented Pivot Mechanism

Unique pivot clamp design allows for a semi-framed magnetic door. Utilising stainless steel pivot pins the FreeStyle™ Adjustable Shower Screen features a positive close low friction design which ensures whisper quiet and trouble-free operation at all times.

Design Flexibility

FreeStyle™ Adjustable Shower Screen System is suitable for an extensive range of applications. The availability of a range of jamb and return panel options makes FreeStyle™ Adjustable Shower Screen suitable for front only, front with 90° return and front with 2 x 45° return applications. Ask your distributor for advice on a design to suit your needs.

Safety

FreeStyle™ Adjustable Shower Screen is glazed, using 6mm toughened glass for both door and fixed panel in accordance with Australian Standards AS2208 and AS1288.

Convenience

FreeStyle™ Adjustable Shower Screen is currently available in the following sizes ex-stock ready for immediate installation.
