Vogue Square Cut 5051™

PERIMETER FRAMED PIVOTING SHOWER SCREEN SYSTEM WITH FRAMELESS DOOR

Vogue Square Cut 5051™ features a minimalist square profile with fully recessed glazing channel outer frame design.

Exceptional Value

Indulge your imagination and create an absolute premium bathroom design at a surprisingly affordable price.

Magnetic Door Latch Mechanism

Vogue Square Cut 5051™ is also available with a specifically designed magnetic door location feature. The Magnetic mechanism has no moving parts resulting in trouble free whisper quiet operation.

Design Flexibility

Vogue Square Cut 5051™ Shower Screen Systems can be designed for installation into most bathrooms. Ask your distributor for advice

Components

Component and design features combine to provide convenience and colour co-ordination.

- Snap Caps
- Patented Pivot Mechanism
- Anti-bacterial clear (i.e. frost) and colour matched glazing vinyl
- Pivot Clamp System

Handle Selection

An extensive range of handles are available in your choice of either brass, aluminium powder coated and gold or chrome plated finishes.

Water Resistance

Vogue Square Cut 5051™ can be specially made to include magnetic seal closure and non-magnetic water seals, maximising water splash resistance so your bathroom remains drier and safer.

Frameless Patented Pivot Mechanism

Unique pivot design allows for a totally frameless door. Utilising a captive stainless steel pivot pin, the **Vogue Square Cut 5051™** Shower Screen System features a 'positive close' low friction design mechanism, providing the benefit of whisper-quiet and trouble-free operation.

The 'lowering' effect of the design automatically reduces the gap between door and sill on door closure, which further assists with the minimisation of external splashing and improved water resistance.

Over 180° of door swing is possible, enabling both inward and outward opening if required, providing maximum use of bath room area.

Adjustment

Provides up to 15mm jamb adjustment for out-of-square walls for ease of installation and further cost savings.

Square Cut Corner Stake Design

Square Cut Corner Stakes are designed to match the perimeter frame profile, providing rigid colour co-ordinated joining points in the shower screen frame structure.

Safety

Vogue Square Cut 5051™ Shower Screen System incorporates a captive top pivot pin mechanism so the door cannot be dislodged from the shower screen head section.

The **Vogue Square Cut 5051™** Shower Screen System are glazed to comply with the requirements of Australian Standards AS2208 and AS1288
