# FreeStyle Access™

SILL-LESS ENTRY SHOWER SCREEN SYSTEM WITH SEMI-FRAMED MAGNETIC DOOR

**FreeStyle Access™ features a full length pivoting barrel assembly and sill-less frame for seamless unrestricted entry.**

## Exceptional Value

FreeStyle Access™ provides the opportunity to indulge your imagination and create an absolute premium bathroom design at a surprisingly affordable price.

## Magnetic Closure

Colour co-ordinated, PVC coated magnetic door seal provides positive door closure rattle free operation and enhanced water resistance.

## Features

- Sill-less design provides seamless uninterrupted access to shower with no tripping hazards
- Wheelchair access friendly
- Mechanically fixed glass eliminates possible deglazing of shower door.
- Low friction design for whisper quiet operation
- Rise and fall self-locating pivot for effortless shower door alignment
- Magnetic close for enhanced splash resistance
- Door seals improve water retention in the shower for a safer bathroom
- Continuous full length handle for increased safety and ease of use

## Low Maintenance

Smooth contoured profiles minimise soap and residue accumulation and the need for cleaning.

## Design Flexibility

FreeStyle Access™ can be designed for installation into most bathrooms. Ask your distributor for advice on a design to suit your needs.

## Sill-Less Design

Featuring premium unrestricted entry to the shower enclosure with no tripping points, the sill-less design makes FreeStyle Access™ ideal for a range of applications including wet rooms and disabled or wheelchair access.

## Barrel Pivot

Utilising a proven Celcon pivot and full length integrated Australian Made aluminium barrel assembly, the FreeStyle Access™ features a low friction design providing the benefit of whisper quiet trouble free operation.

The 'lowering' effect of the pivot design, upon door closure, automatically reduces the gap between the door and shower floor, further assisting with the elimination of external splashing and improved water resistance.

## Water Resistance

Magnetic door closure and PVC door water seals combine maximising water splash resistance so your bathroom remains drier and safer.

## Glass Specification

Door glass designed specifically for use with 6mm toughened glass which incorporates mechanical fixing feature, eliminating the possible deglazing of shower door. Fixed and return panels can be fabricated in 6.38mm laminated safety glass if desired.

## Safety

FreeStyle Access™ Shower Screen Systems are glazed to comply with the requirements of Australian Standards AS2208 and AS1288.

## Full Length Handle

Full length continuous magnetic double-handle stiles and D-handle options are user friendly and safe for all members of the family.

## Product Guarantee

FreeStyle Access™ components and frames carry a 5 year guarantee when used under normal operating conditions.

## Colour Selection

	White
	Black
	Bright Natural
	Matt Natural

Special colours available upon request.
