Space:Maker Project™ -Features

- Contemporary appearance
- Whisper quiet and rattle free operation.
- Design Registered anti-jump guide prevents door panels from jumping off bottom track.
- Continuous sleek finger grip on all panels.
- Foot-friendly, easy-to-clean track.
- Large 41mm diameter rollers and brackets for quiet operation and ease of adjustment.
- Ten year guarantee on frame and components.
- **Space:Maker Project™** represents a variation of the Australian Design Award winning **Space:Maker Softline™** Sliding Wardrobe Door System.

Contemporary Appeal

Modern styling and innovative design has produced a contemporary, minimalist grip stile, giving **Space:Maker Project™** instant aesthetic appeal.

Whisper Quiet Roller Operation

Large 41mm diameter roller housed in a strong galvanised metal adjustment bracket, ensures ample roller adjustment and whisper quiet operation at all times. Open design and construction enables easy cleaning, reducing the accumulation of dust.

Perfectly Secure Panels

A Design Registered head guide and bracket system with inbuilt anti-jump feature ensures a totally secure door panel, which cannot jump the track and maintains a quiet rattle free door operation at all times.

Product Guarantee

Space:Maker Project™ components and frames carry a 10 year guarantee when used under normal operating conditions.

Panel Variety

Space:Maker Project™ is available in clear or tinted anti-shatter safety-backed mirror panels, plus an extensive range of coloured safety glass options. A wide range of wood grain or vinyl finishes are also available. Plain panels for painting or wallpapering are an alternative for the do-it yourself enthusiast.

Low Profile Bottom Track

Space:Maker Project™ features a foot friendly unobtrusive, low profile bottom track, which is easy to clean. Smart "V" groove design virtually eliminates roller side-play producing a smooth sliding operation.

Design Flexibility

Made to suit your individual requirements. **Space:Maker Project™** wardrobes are suitable for either wall-to-wall, recessed or corner return installations. Constructed from high quality aluminium extrusions **Space:Maker Project™** is designed to suit most situations and ceiling heights up to three metres. The continuous finger grip on all door panels provides additional strength and ease of use. (Please note: Bracing of door panels may be required for oversize applications).

Exceptional Value

Indulge your imagination and create the absolute premium wardrobe design at a surprisingly affordable price.

Safety

Space:Maker Project™ Sliding Wardrobe Door System is glazed to comply with the requirements of Australian Standards AS 1288 and or AS 2208.
